Apparently the venture of the state of Virginia into the retail sale of liquor is being successful. From Richmond, where the first stores are located, come reports of large sales and profits and virtually no increase in arrests for drunkenness.

No doubt, this indicates that the Richmond bootleggers are losing customers. That a consumption devoted to be wished. Yet, we can see no reason for lavish reports of the sales and nature of purchases of the liquor stores in the daily papers. Why give free publicity and free advertising to the liquor business? To be constant, the sales volume of Miller and Rhoads?

All in all, our guess is that the bootlegger is going to have his hands full offering competition to the labels on state store liquor.

There has been no shrewd political analyst in our generation than Franklin D. Roosevelt. He has the fallacious campaigns coming on, he has manipulated so that the thunder has been stolen from opposition spell-binders. And not even his best advisers know how he did it. It is widely contended that the NRA has worked to the disadvantage of the small business. The Republicans would have popular issue there, anyway, in spite of their past alliance with vested interest. But, now "F. D." has taken that issue out of their hands, before they had time to use it. He appointed a board to study the NRA and put at the head of it none other than Clarence Darrow, who, the review board has submitted its report. And much to General Johnson's wrath, the report leans into NRA with sleeves rolled up. BUT, here's the point:

• DON'T TAKE TIRE WORRIES ALONG ON YOUR TRIP
Drop them off here before you start out this week-end or next Wednesday

It's a lot safer, more pleasant and cheaper in the end to start out on new tires—particularly since prices are still so low... And because Goodyear makes the most tires—by millions—and so offers the biggest money's worth at every price—it's a lot wiser to choose new Goodyears... Come and see why more people buy Goodyears than any other tire—just name your price and look at the Goodyear it buys!

Now, more than ever before you can make BURGE'S your headquarters in Appomattox. Come and spend the day. Free parking space in rear of the Service Station. Shop in our big store, dine in our new Cafe and have your car gone over and greased and filled with Standard gas and oil before you leave.

"Burge's" your home while in Appomattox."

A SIX COSTS LESS TO RUN

CHEVROLET OVERHEAD VALVE SIX

... and the

Engineering facts prove it. Experience in building nearly ten million cars confirms it. And the record of over 3,000,000 Chevrolet Six owners removes any shadow of doubt about it: **The only way to get real economy in a low-priced car is to insist on SIX cylinders and OVERHEAD valves.**

SIX cylinders—no more!—because extra cylinders mean extra cost for gas, oil, upkeep and parts. **OVERHEAD valves—nothing else!**—for the same good reason that airplanes use them. And speedboats. And racing cars. They get the MOST power out of the LEAST gas. That's why overhead valves are the choice of leaders—and champions.
